# Comment jouer

Chaque grille contient une liste de mots cachés. Ils peuvent être écrits dans **toutes les directions** : horizontalement (gauche→droite et droite→gauche), verticalement (haut→bas et bas→haut), et en diagonale dans les quatre sens.

1. Repérez le premier mot de la liste dans la grille.
2. Entourez-le ou tracez un trait sur ses lettres.
3. Barrez le mot dans la liste pour ne pas le chercher deux fois.
4. Continuez jusqu'à avoir trouvé tous les mots.
5. Les **solutions** se trouvent à la fin du livret : ne les regardez qu'en dernier recours !

**Astuce** : les grilles sont classées par difficulté croissante — commencez par les premières, elles sont plus petites et plus rapides.

**Conseil d'impression** : pour économiser l'encre, imprimez en noir et blanc et en qualité « brouillon ». Les grilles restent parfaitement lisibles.
